

Dicom Viewer

by The IT Crowd

Got a CD or USB stick of scans from the **hospital**?

View your X-ray, CT, MRI or ultrasound images right on your own phone or tablet. No computer needed, no complicated steps.

Works on iPhone and Android

Whatever device you have — this app just works.

Private and secure

Everything stays on your own device. Nothing is uploaded or shared.

Simple to use

Open the file from the CD/USB stick, email or AirDrop — and you'll see your scan right away.

Completely free

No account needed. Just download and use.

Scan the QR code to download

Search for "Dicom Viewer by The IT Crowd" in the App Store or Google Play.

Free — optional Tip Jar

iPhone / iPad

Android
